Motivation

Dear Members of the Admissions Committee,

In this letter, I want to show my interest in the Computer Engineering program at Vistula University. I have good foundation in math and physics and additionally I like sports and volunteering. Considering these, I think I have a chance to win this scholarship.

I always dreamed big about my life and career. These dreams motivated me to try harder in my studies. I got inspired by mathematicians like Isaac Newton and Donald Knuth and I promised myself that one day, I will also be mentioned by future generations for my contributions to technology and math.

I worked as a math teacher at LangApex Teaching center for two years. There, I discovered my talent for explaining complex topics in simple ways. I enjoyed teaching children especially when students reach moments of understanding and when they shout out "Eureka!" and "I finally got it, teacher!". Seeing my students, my passion for education and mentorship grew dramatically.

I chose Vistula over other universities and it was an easy decision. I researched about Vistula and found out that it offers good academics and international community. It is a great chance for me to study with international students. Even from now on, I am very excited to imagine myself trying to solve different problems by trying different approaches. At Vistula, I will be studying and working with international students who have global outlook. I am sure that it will increase my education and broaden my horizons.

I am sure that Vistula University will give me the knowledge and practice that I will need to achieve my goals in life and career. I am sure that I will need that knowledge to make contributions to math and technology. Thank you for reviewing my application. I look forward to joining Vistula soon.

Sincerely,

Shermukhammad Karimov

Signature

I confirm that all statements made in this application are correct, truthful and complete. I agree that the university may verify the authenticity and accuracy of the documents and information I have provided. I also understand and agree that if the university determines that I have provided false or misleading information, it has the right to contact appropriate individuals, institutions or organizations affected by such false information and to inform them of its discovery. The university has the right to send my educational documents to ENIC/NARIC Center for evaluation.

After receiving all required documents the university will send those to ENIC/NARIC Center for evaluation. The ENIC/NARIC Center evaluates foreign qualifications.

ENIC/NARIC Center is a special organisation, set up by the national authorities, that evaluates all international students documents. It generally provides information on the recognition of diplomas, degrees and other qualifications and they are independent. It also evaluates the documents in general (they will see if you have access to higher education based on your previous education).

A handwritten signature in black ink, appearing to read "I confirm that all statements made in this application are correct, truthful and complete." The signature is fluid and cursive, with some loops and variations in line thickness.

Am I on Track for College?

Look for the green, yellow, or red symbols next to your section scores. They let you know if your scores are at or above the benchmark scores. Benchmarks show college readiness. If you see green, you're on track to be ready for college when you graduate.

If you score below the benchmark, you can use the feedback and tips in your report to get back on track.

Benchmark scores:

Evidence-Based Reading and Writing: 480

Math: 530

How Do My Scores Compare?

A percentile shows how you scored, compared to other students. It's a number between 1 and 99 and represents the percentage of students whose scores are equal to or below yours.

For example, if your Math percentile is 57, that means 57% of test takers have Math scores equal to or below yours.

The Nationally Representative Sample Percentile compares your score to the scores of typical U.S. students.

SAT® User Percentile compares your score to the scores of students who typically take the test.

How Can I Improve?

To see which skills are your strongest and what you can do to boost your college readiness, go to your full report online and look for Skills Insight™.

What Are Score Ranges?

Test scores are single snapshots in time—if you took the SAT once a week for a month, your scores would vary.

That's why score ranges are better representations of your true ability. They show how much your score can change with repeated testing, even if your skill level remains the same.

Colleges know this, and they get score ranges along with scores so they can consider scores in context.

Your online score report shows your score ranges.

How Do I Send My Scores to Colleges?

This student score report is for your use only.

Most colleges require you to have the College Board send them official score reports. They don't accept copies of student score reports, online score reports, or score report labels on transcripts.

Can I Choose Which Scores to Send?

With Score Choice™, you decide which scores you send to colleges. Choose by test date for the SAT and individual test for SAT Subject Tests™. Just make sure you follow each college's stated score-use policy.

What's Next?

Go to sat.org/scorereport and choose your next steps:

- Send your scores to colleges.
- Find out which AP® courses you might do well in.
- Get tips on boosting your skills.
- Use your scores to personalize your SAT practice.
- Make a college plan.
- Follow your interests, and build a career road map.
- Register to take the SAT again.
